# POP UP TENTS.

MasterTent is the boss, the big brother, the king (we could go on and on) of the pop up world. We know your brand deserves a quality set up – something that lasts – and when you've got some serious travel on the agenda, the MasterTent is guaranteed to keep you looking sharp for the long haul. Call it the little brother, the mightyTent is a lighter option that's a perfect fit for any brand that needs something quality on more of an entry level.

# FRAME TENTS.

With elegant swooping lines, the S-Series tent combines the durability of a frame tent for long-term events with the unique look of a high, graceful peak. Strong and beautiful, the S-Series is in a class all its own. Boasting a more traditional appearance, the X-Series lets your branding do the talking. If what you're looking for is a customizable set up with some serious size and the strength to act as a semi-permanent structure, the X-Series is your go-to.

# HITCH TENTS.

It's fun to imagine impossible things – like say, a tent that attaches directly to the hitch of a vehicle – only to find out that it's 100% possible. Perfect for tailgates and marketing that keeps you on the road, the Hitch Tent gets you in business with an aesthetic unlike anything else out there.
